### William Skelley,

Of 11 Academy St., Jamesville, Wis., under date of May 23, says: Messrs. Kenyon & Thomas: This is to certify what I know about Dr. Hale's Household Ointment. I have had a bothersome sore on my lip for 15 years which terminated in a cancer. I had tried various remedies purporting to cure, but all without avail until I purchased a box of your Dr. Hale's Household Ointment and with two months' using it has entirely cured it, and I freely give this for the benefit of the people.

Truly yours,  
WM. SKELLEY.

This wonderful medicine is for sale at Carpenter's South Side Drug Store.

### Duckers.

Pardon long silence.

There have been some stirring events in and about Duckers since our last. Two of our prettiest young ladies have gone speeding through the mountains to the tune of wedding-bells. One of our most lovely rural homes lies a heap of smouldering ruins. Many of our good people are and have been on beds of sickness, but all these things are to us as a dead mystery. We do not know just what happened; don't know where we have been. We remember to have been in Washington, New Orleans and San Francisco. We know just what it was all about, but they say we had the lagrippe.

Though there is ample time the weather indications are favorable to a late spring. Farmers are becoming restless and uneasy. We believe however that they are a little premature in their fears.

For some time past trainmen on the local freight trains of the L. & N. Railroad have been in the habit of shooting and carrying away fowls belonging to citizens living near the depot. Indeed they seem to be our organized band of chicken thieves. The company has been notified, and if the thing is not stopped, the next thing is likely to be two or three dead trainmen.

On or about Christmas day a roommate of ours had taken from his room a certain article of self-defense, and would be very much obliged if the party will return the same. Return at once and no questions asked, otherwise trouble will ensue.

Nearly or quite all of our farmers have filled their ice-houses. Something they have not been able to do for several winters past. No doubt they are already dreaming of cream and toddlers for the hot days of next summer.

Mr. S. J. Gibson has returned from Texas, and will go into business with his brother, P. L. Gibson, at Tyrone. They will deliver hay and other feed for some three thousand cattle being shipped at the Riply distilleries.

We wish to return thanks to the following ladies for their kindness during our late illness: Mrs. B. W. Thompson, Mrs. Cobbe Taylor, Mrs. Vanderverter, Mrs. Thomas, Mrs. Fogg, Mrs. O'Donnell and Miss Cynthia Thompson. Many thanks, ladies, and may the Giver of all good ever bless you.

Col. G. W. Robb, owing to the loss of his residence and his enfeebled health, has advertised for sale all his stock and other personalty, and the farm is also offered at private sale. Mr. Robb contemplates removing to some one of the neighboring cities, probably Frankfort.

BULLDOFUS.

### "Gentle as the Summer Breeze."

"I'd rather take a thrashing any time than a dose of pills," groaned a patient to whom the doctor has prescribed physic. "I'd as lief be sick with what ails me now, as to be sick with the pills."

"I don't think you've taken any of the pills I prescribe, or you wouldn't dread the prescription so," laughed the doctor. "I never use the old, inside twisters you have in mind. I

use Dr. Pierce's Pleasant Pellets. They always make me think of a part of an old hymn—

Gentle as the summer breeze,  
The best thing of the kind ever invented. No danger of their making you sick. You'll hardly know you've taken them. I wouldn't use any other in my practice."

### Recommends it to Every-one.

"Thinking that a word from me might be the cause of others receiving benefit from your S. S. S., I write to say that I have been a sufferer from Eczema, which my doctor called pink heads. Small blisters would form on my limbs, would break and ooze, and cause large sores to form. The odor arising would be very disagreeable, and I would often be laid up from one to two weeks at a time. The disease would break out about every two months. I tried various physicians and treatments, but received no permanent relief until I was induced to try S. S. S., and felt the benefit from it in a few days. I continued the use of it until I had taken three bottles, which was over a year ago, and I have not had the Eczema since. I believe it is thoroughly eradicated from my system. I feel sure that S. S. S. is the greatest blood remedy, and I would recommend it to everyone afflicted with any form of blood poison, for I believe they will receive like benefits that I have."

### More fun at Farmdale.

#### Editor Roundabout:

One of the most enjoyable social affairs of the season was a party given last Tuesday evening at "Fairy Palace," the elegant home of Mrs. Mervin Johnson, near Farmdale. Miss Eloise Johnson, in whose honor the party was given, won the admiration of all present by her rare musical accomplishments. The apartment which was used for dancing had been tastefully decorated and draped with pink and white. The guests began to arrive at seven o'clock and the dancing began immediately and continued till twelve, with such brief intervals for refreshments as the revelers were inclined to spare. No pains had been spared to make the party a success, and, in point of the enjoyment it afforded, and in its artistic effectiveness, it abundantly fulfilled the expectations of those present. Among the ladies present were: Miss Theresa Halmhuber, salmon-colored silk and black lace. Miss Margel Johnson, corslette princess gown cloth with guimpe and dotted bengaline. Miss Florence Smith, amber serge with corsage of gold brocade. Miss Jennie Smith, cerulean serge with black lace. Miss Anna Halmhuber, old rose faille, trimmed with chiffon. Miss Lucie Kelsor, steel gray cloth and black velvet. Miss Ethel Hawkins, gray silk and pearls. Miss May Hayden, blue cloth with passamentarie. Miss Josephine Baker, blue silk and cream faille. Miss Mary W. Baker, crimson velvet, natural flowers. Several of Lawrenceburg's society people were present. Among the gentlemen were: Messrs. Hiter Johnson, Walter Johnson, Will Halmhuber, Frank Thomas, Howard Dunigan, Lewis Kersly, Thomas Hawkins and others.

### Women who Die Early.

Many of our most beautiful and accomplished ladies die before they have reached the prime of life. Of those who live to middle age only one in two hundred is sound; the other one hundred and ninety-nine are sufferers. Why is it? Self-neglect. The shattered health can be restored; the home made happy, and your life lengthened if you commence at once. "Rose Buds" have been used for 20 years in the private practice of one of the most eminent physicians of Paris, and the following diseases and their distressing symptoms yield to them like magic: Ulceration, Congestion and Failing of the Womb, Ovarian Tumors, Dropsy of the Womb, Bearing Down Pains, Rupture of Childbirth and Miscarriages. One package of "Rose Buds" will make a new woman of you.

(Leucorrhea or Whites are generally cured by one application.) Price per package (one month's treatment) \$1.00 sent by mail post paid, securely packed. THE LEVERETTE SPECIFIC CO., 339 Washington St., Boston, Mass. 20 1m 2

### RADAM'S MICROBE KILLER. CURES ALL DISEASES.

Because all diseases are the result of fermentation and decay, caused by living microbes in the human system, and whatever remedy will purify the blood by removing the cause of disease and build up the health and strength of the patient, is the one to use. RADAM'S MICROBE KILLER is nature's remedy, and is the greatest boon ever given to mankind, hence the spurious imitations which follow in the path of its wonderful cures of Consumption, Catarrh, Debility, Indigestion, Rheumatism, Bowel, Bladder, Skin and all other diseases which are quickly and permanently cured by this never failing compound which has done more for suffering humanity than all the prescriptions of poisonous drugs, nostrums, so-called proprietary medicines, &c. all put together, because it removes the cause of disease and insures health. Thousands of voluntary certificates of almost miraculous cures attest these facts, and demonstrate to the world that Wm. Radam, the Great Pioneer in his Wonderful Discovery, has gone far ahead of all other explorers in scientific fields, and has demonstrated beyond a doubt that no disease can exist without a disordered system, and his superb remedy stands at the front because it is

**The Original and Old Reliable** Microbe Killer a palatable remedy which cures diseases by arresting decay and placing the system in a natural and healthy condition. Investigate the merits of this wonderful health giving discovery, which has stood the test and cured thousands of all manner of diseases, and beware of all other so-called germ or microbe destroyers, which are often sold to sell their otherwise worthless mixtures, and which are but imitations of this great wonder.
